TECHNICAL SKILLS

Programming Languages: C++ , Java, HTML, CSS, Javascript

Libraries: Tailwind , CSS, Bootstrap, MongoDB, ExpressJs, NodeJs, ReactJs , Mysql

Tools: Git, GitHub, Figma, Canva

Relevant Course: OOPs , DSA , DBMS , OS , CN

WORK EXPERIENCE

Frontend Development Internship

IBM, India

June 2023 - July 2023

- Led the design and development of a full-fledged e-commerce website, resembling industry giants like Myntra and Amazon. Employed HTML for structuring, CSS for styling, and JavaScript for interactivity, ensuring a user-friendly interface and smooth navigation.
- Implemented a range of features to enhance the platform's functionality and user experience. This included interactive product catalogs, intuitive navigation menus, secure user authentication systems, and seamless checkout processes, optimizing conversion rates and customer satisfaction.

Salesforce Developer Virtual Internship

Salesforce, India

December - January 2023

- Acquired comprehensive understanding and practical application of Salesforce fundamentals, including organizational setup, relationship management, and process automation.
- Developed advanced skills in Salesforce development, particularly in Apex programming language. Proficient in writing efficient Apex code, conducting thorough testing, and debugging to ensure code reliability. Additionally, adept in utilizing Visual Studio Code and Salesforce CLI for streamlined development workflows and enhanced productivity.

PROJECTS

- **Image Editor** : Developed a user-friendly web-based image editor using HTML, CSS, and JavaScript. Implemented features allowing users to apply various filters (brightness, saturation, inversion, grayscale) and transformations (rotation and flipping) to images.

Integrated features for loading user images, providing real-time previews of filters and transformations, and enabling image saving. [GitHub](#)

- **Currency Converter** : Responsive Interface: Crafted a responsive user interface with HTML, CSS, and JavaScript, leveraging Tailwind CSS for streamlined styling.

Real-time Conversion : Implemented real-time currency conversion functionality using JavaScript and API integration, ensuring up-to-date exchange rates.

Multiple Currency Support : Enabled seamless conversion between multiple currencies, enhancing user experience with intuitive selection options and accurate calculations. [Github](#)

ACHIEVEMENTS & CERTIFICATIONS

- HTML5, CSS, JAVASCRIPT [Coursera](#)
- Coding for Everyone : C C++ [Coursera](#)
- Database Management System [Infosys](#)
- Web Development [CodeHelp](#)
- Kavach Hackathon College Level Runnerup (2023)

EXTRACURRICULAR ACTIVITIES

- **Social Media Manager** DEVs Dungeons
- **Student Coordinator** in Institute Innovation Cell
- **Core Member** in Anti Ragging committee
- **Campus Ambassador** in TribeVibe

EDUCATION

Lakshmi Narain College of Technology & Science

B.Tech - Computer Science & Engineering

8.42 CGPA

2021 - Present
